To Whom It May Concern:

This letter is written to verify that Pam Hill is enrolled and taking courses in the Bachelor of Science program at Murray State University majoring in Interdisciplinary Early Childhood Education. When she successfully completes the program, she will receive a letter of eligibility for certification in Interdisciplinary Early Childhood Education. If she follows the plan we have developed it is possible she will complete the program by 2010. A current transcript will document the number of credit hours she has taken in the program. Ms. Hill has met the criteria for admission to Teacher Education at Murray State University.

Dr. Jo Robertson, Chair of Early Childhood & Elementary Education
